

IBM Cloud Services

Team Id	PNT2022TMID01194
Project Name	Hazardous Area Monitoring for Industrial Plant powered by IoT

1.IBM Cloud:

2.Node-Red:

3.Cloudant DB:

The screenshot shows the Cloudant web interface. At the top, there is a navigation bar with a search bar and a 'Database name' dropdown. Below the navigation bar, there is a section titled 'Your Databases' with a table listing the databases. The table has columns for Name, Size, # of Docs, Partitioned, and Actions. There are two databases listed: 'hazard' and 'noderedmfcnc20221108'. The 'hazard' database has a size of 14 bytes and 1 document. The 'noderedmfcnc20221108' database has a size of 25.7 KB and 4 documents. Both databases are not partitioned. The 'Actions' column for each database contains three icons: a blue square with a white plus sign, a blue square with a white lock, and a blue square with a white trash can. At the bottom of the page, there is a footer that says 'Showing 1-2 of 2 databases. Databases per page 20'.

Name	Size	# of Docs	Partitioned	Actions
hazard	14 bytes	1	No	  
noderedmfcnc20221108	25.7 KB	4	No
